Not familiar with this either. I'm not sure if this is the same thing, but the first I heard of any connection with DNCR was on Thursday evening from Secretary Hamilton. I mentioned it Friday morning. I think she thought their concerns were being incorporated with DEQs as she mentioned natural resources. Julia and William were going to connect with to find out more. Can discuss further if helpful.

I think below is the first I've heard of this issue.

+ Julia in case she can add anything and I'm happy to ask Jeremy.

Please let me know why this issue didn't get elevated to the governor's office as we were discussing ACP issues.

Hello, Mr. Tarr:

Thank you very much for your phone call just a little while ago. As you have requested, please find attached the draft programmatic agreement that was submitted to us for comment; you will find our comment in redline embedded in the text and margins.

Also, as I mentioned, here is a link to the Citizens Guide to Section 106, which will provide helpful background information about our office's and the Office of State Archaeology's role in the National Historic Preservation Act's consultation process. <http://www.achp.gov/docs/citizens-guide-2015.pdf>

Finally, I have attached some recent guidance from the Advisory Council on Historic Preservation on working with state-recognized tribes in the Section 106 process.

My colleagues and I would be very glad to meet with you to brief you more generally on the Section 106 process and our offices' other services and program areas at your convenience.

Please let me know how I may provide further assistance.

With thanks and kindest regards,

Ramona Bartos

Good morning all:

Please find attached a cover letter and **draft** Programmatic Agreement (PA) for the Atlantic Coast Pipeline and Supply Header Project as part of the FERC's ongoing consultations under Section 106 of the NHPA. A hard copy of the letter and the PA is being mailed to your offices as well. We are requesting your review and comment on the draft PA. Please provide any written comments or suggested edits directly to Kevin Bowman and Ellen Armbruster no later than 30 days from today. We have provided a Microsoft Word version of the PA for ease of editing/commenting. If you choose to use the word file, please remember to use tracked changes. Additionally, there are a few blank spaces that reference regulatory citations for federal lands and we hope that the appropriate land managing agencies can identify the correct citations.

Please note that as the PA is in draft form, it should be considered privileged information and not released to the public by your agency or entity. The final version of the PA would of course, be available for public inspection. If you have any questions, please contact Ellen Armbruster, project archaeologist at (202) 502-8330 or [Ellen.Armbruster@ferc.gov](mailto:Ellen.Armbruster@ferc.gov) or myself at (202)-502-6287 or [Kevin.Bowman@ferc.gov](mailto:Kevin.Bowman@ferc.gov)
